Subject: Search request for 09/763335

Please search in commercial database, issued patent files, PGPUB and interference:

1) SEQ ID NO: 2, 4

2) Score/length sequence search for fragment of SEQ ID NO:4, with a minimum hit length of 60 nucleotides, and a maximum hit length of 200, and a score over length value of 70% or greater.

Thanks
